OLD VETS REUNION

The annual reunion of the Tenth Kentucky Cavalry and Sixteenth Kentucky Infantry Association will meet in this city Wednesday, September 21st. The Grand Army Hall in Cox Building has been secured for routine business and the Neptune Hall will be secured as a rendezvous and assembly room for speaking and social intercourse. Notwithstanding the ranks of the old Civil War veterans are growing thinner as each year passes by, President Harover—not our own Councilman Doc Harover, but Banker Harover of Manchester, O.,—hopes to have the coming gathering the most interesting of any heretofore held by the Association. Make preparations and be here on the above date, as your stay on this mundane sphere is not unlimited, and putting off your coming till next year may be too late. We are passing over the border line at a rapid gait, so make it convenient to attend that we may once more look into each other's face and clasp the hand of good fellowship.

Oh, You Parity! Just arrived. Car this fine Flour. Every barrel guaranteed. RAINS BROS.

Workmen are engaged this morning in placing the car track on a grade with the brick street in Market which, at no late date, with its trees planted and fountain palated and spouting water, will not be such a bad looking thoroughfare after all.

PLAY BALL!!**Maysville Now Owns Shelbyville Franchise and Takes Her Place As a Member of the Bluegrass League****First Game Here Friday—Double-Header Saturday—Grounds to Be Fenced at Once**

The Shelbyville baseball franchise, which for the past week or so the owners didn't know just where it was at and where it was going to land, took on new local interest yesterday by receipt of the following telegram—

J. W. Fitzgerald, Maysville, Ky. If Keed will give you equal division of Sunday games next season and one Sunday game this season will you take franchise at \$500 and pay an assessment of \$100 due August 15th? I will ask for another vote today.

W. C. USSERY, President. To which Mr. Preston D. Wells, in the absence from the city of Mr. Fitzgerald and one of the men interested in securing the franchise, replied by wire—

W. C. USSERY, President, Shelbyville, Ky. Will accept franchise as per your telegram of this date. Wire result. Will send man to close deal.

J. W. FITZGERALD. Maysville, by buying the Shelbyville franchise is now a member of the Bluegrass Baseball League.

The purchasers: J. W. Fitzgerald, Sherman Aro, John P. Bauer, Mayor J. W. Lee, Mike Brown, P. D. Wells, S. M. Blatterman, J. C. Simons, John Leonard and H. B. Daugherty.

Mr. P. D. Wells, who will probably manage Maysville's team, went to Lexington today to take charge of the Shelbyville ball tossers who become the property of Maysville. The consideration is about \$600.

Maysville is now armed for the sport and her team has men behind it with nerve and money to make a noise in the baseball world.

The Maysville team will play at Lexington today and tomorrow.

The first game will be played at Maysville Friday, when the home team will tackle the Paris aggregation. Saturday Paris will play a double header at Maysville.

According to the contract Maysville will get one Sunday game this year, playing Frankfort at Maysville on September 18th.

It is the intention of the owners of the Maysville team to at once erect at least a portion of the new fence around the baseball park in the East End, and this winter a commodious grandstand seating 1,800 will be erected.

Our Colored Citizens.

Miss Carrie B. Slater has returned home, after a pleasant visit in Covington to the District Conference.

Nellie Lewis has returned home, after a successful stay at Park Lake as cook for Mrs. John B. Chensault.

Mrs. Nora Harbrook is down from Huntington, W. Va., visiting her mother and sister, Mrs. Lillie Wolfe of this city and Mrs. Mary Edwards of near Marshall Station.

SAVE 1/2 TO 3/4 OF COAL BILLS

Mr. J. E. Celder, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use not a stick of coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE book about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend-paying Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

THE CALIFORNIA OIL OUTPUT

During the month of July the average daily production from a total of 4,493 wells in California amounted to 225,672 barrels, and the market has absorbed a daily average of 184,994 barrels. This shows a daily surplus of 40,678 barrels. The increase in consumption over the preceding month was over 300,000 barrels.

Production in California is being temporarily curtailed, pending completion of new pipe lines and additional storage facilities, which are necessary to handle the rapidly increasing production.

SAD ACCIDENT

Mrs. Neppie Hazelrigg Fatally Burned and House and Contents Consumed

Yesterday afternoon about 4 o'clock the home of Jeff Hazelrigg, colored, situated near the junction of the Fleming and Hill City pikes, was burned, with all its contents, and Mrs. Neppie Hazelrigg burned so badly that she died in terrible agony some hours later at the home of her daughter, Mrs. Lauce Haley, where she was attended by Dr. Bailey.

The unfortunate woman was alone at the time, and the only person near was Mr. Charles Wetzel, the oil man, who was leaving the place, having replenished her gasoline can, and had only gotten a short distance from the house when his attention was attracted by screams for aid by Mrs. Hazelrigg, who was ablaze, being wrapped in a flame of fire. He hastened to her assistance and by super-

human efforts succeeded in smothering the blaze, but not until the poor woman was burned to a crisp. The house, in the meantime, had caught fire and burned to the ground, with all its contents.

It is the same old story so often told, yet unheeded—filling a reservoir with gasoline with a fire close by.

The funeral of Mrs. Haz-irrig will occur Friday morning from the home of her daughter, Mrs. Haley.

BRILEY—MULLIKIN.

Mr. C. L. Briley, aged 25, and Miss Emma K. Mullikin, aged 19, both of Robertson county, were married yesterday in the parlor of Mullikin's restaurant in Market street. The bride was accompanied by her father, Mr. M. F. Mullikin.

EDITOR ROOSEVELT had better buckle down to his job on The Outlook and let "personal, partisan and practical" politics severely alone. The public likes to be lambasted, but it won't stand for despotic dictation.

CONGRESSMAN LONGWORTH'S declaration that he will not support Uncle JOE CANNON for Speaker has raised quite a political breeze and has aroused all the fighting spirit of the fiery old gent. When Uncle JOE faces Nick in December there may be an interesting scene.

CHAMP CLARK, the Democratic mountebank, for Speaker of the House! Never. Better a million years of Joe Cannonism than a single minute of this clown of the Chautauquan arena. Thank goodness, the American people never take seriously men of the type of CHAMP CLARK, honored Kentuckian though he be.

SOME of the great labor organizations are doing their best (or worst, though their leaders fail to voice the recognition of the fact for sufficiently obvious reasons) to continue inevitably the advance in the cost of living. They may urge that an advance in wages is forced by the higher cost of living, but the fact is that with each boost of wages comes a corresponding rise in the cost of necessities, and the outcome of these demands for more pay, except in extraordinary circumstances, is that the very men who receive more pay find themselves with less net advantage than was theirs under the earlier schedule of payments. Those whose wages, for one reason or another, cannot be increased, either by strike or by other means, have to share in paying the extra cost.

JACKSON, Ky., August 23d.—John Abner, noted feudist, died with his "boots on." Abner was assassinated by unidentified men who lurked last night in the shadows of the river bridge in this town. As the feudist stepped from the bridge the crack of Winchester rifles was heard and Abner fell to the ground dead. The fact that several shots had penetrated his body leads the Sheriff and Coroner to believe that more than one person had fired shots at him.

Our System of Fitting Glasses!

To the eyes is the same used by the most noted oculists and opticians in this country, which is a perfect TRIAL CASE. We asked a representative of one of the largest "optical supply houses" if there was any better system than a Trial Case. His answer was "NO." But if you want to appear wise and want to save your customers there are other methods in order to get fabulous prices. We will continue to use this Trial Case, as the best results possible come from it. Our customers are pleased. Our line is so varied that we do not depend on the optical line alone; hence, we can give you results at reasonable price. We have all styles of mountings—Knu Automatic Shur On, so easy, Skeleton Spectacles; also, Frames in gold, gold-filled and aluminum. Lenses matched, frames repaired, etc.

P. J. MURPHY, The JEWELER.

PRESIDENT TAFT will not speak at Winona this year. For this relief much thanks. We all remember what a hubbub "TAFT's Winona speech" caused last year.

In all the preliminary discussion at Washington, regarding a civil service pension system, the public has been assured from the outset that no tax would be levied on the Nation to provide the funds for that service. Now comes word that an attempt is to be made to tax all the people of the United States for the benefit of the well paid but improvident employes who have not saved money in perhaps thirty or forty years of Government employment. If the Congressmen who are behind the service pension plans attempt anything of the sort, they will find out their mistake in short order.

THE new "Democratic Text Book," fresh from the print shop, has made its initial appearance in the Chicago office of ROGER C. SULLIVAN, Democratic National Committeeman for Illinois. This so-called "Text Book" has enough isms and theories and other hot air bi-products to load down the "Bostony." Of course, it takes a crack at the universe and condemns the G. O. P. from kiver to kiver, and then some. The entire contents has the earmarks of all the Democratic cranks, from BILL BRYAN to CHAMP CLARK, TOM WATSON, OLLIE JAMES and HURRAY WOODSON and all the little yelping potwallopers.

It is divided into eight chapters, and the titles of these give a fairly good idea of the contents to those who have followed the speeches of CHAMP CLARK and other leaders. The issues as laid out are as follows:

The Tariff and the cost of living.
Prices of commodities and the increased cost of living.
Republican extravagance.
Cannon and Cannonism.
Publicity of campaign contributions.
President Taft and his Administration.
The merchant marine.
Corporations and labor.

No date has been set as yet for the opening of the headquarters of the Democratic Congressional Campaign Committee.

NEXT MONDAY

The Great Ohio Valley Exposition Opens at Cincinnati—Everything in Readiness

The Ohio Valley Exposition will be formally opened at Cincinnati on next Monday, August 29th. This is an Industrial Exposition, representative of the resources and industries of the Ohio Valley and the South, and intended to celebrate the completion of the Government Dam in the Ohio river at Ferkent and the adoption by Congress of a permanent policy for waterway improvement.

It likewise commemorates the one hundredth anniversary of steam navigation on the Ohio river. It is expected to promote and increase reciprocal trade relations between the Ohio Valley and the South.

THE PUBLIC LEDGER is pleased to acknowledge the receipt of a beautifully engraved invitation to the opening, which reads as follows:

The Directors of the Ohio Valley Exposition request the honor of the presence of The Editor of THE PUBLIC LEDGER at the opening of the Exposition Monday, August twenty-ninth. Nineteen hundred and ten Cincinnati, Ohio.

The weather: Showers and cooler today and Thursday.

The Fraser-Whitaker hasty case, set for trial in Judge Rice's Court yesterday was withdrawn and settled outside of Court, to the mutual agreement of both parties.

FROM MERRIE ENGLAND

Rev. Clayton Earle Wheat Drops The Ledger a Brief, But Interesting Letter, Telling of His Travels

The following short but interesting letter from Rev. Clayton Earle Wheat, now touring Europe with his wife, formerly Miss Roberta S. Cox, daughter of Governor and Mrs. W. H. Cox of this city, will no doubt be pleasing news to our readers:

LANGHAM HOTEL, LONDON, August, 1910.
To The Public Ledger: I have been too much occupied with sight-seeing to use my eyes for anything else. I will modify this statement by saying that I have read THE LEDGERS which I have received each week and with much interest, as I have depended largely upon them for a resume of the general news in America, as well as at home. Thank you for their prompt arrival.

We have been in England now five weeks and in that time have seen quite a lot of the island. Landing at Liverpool on the 26th of June we spent our first week in North Wales visiting the little villages out of the well-beaten path of the tourist. At Bettws-y-Coed we attended a Welsh Church, where the entire service was in the Welsh language. We could follow the hymns and prayers very well, but when the Preacher began his sermon we had to acknowledge it was over our heads, but not our hearts, for there was a sermon for every one in his earnestness of manner and his sympathetic heart-interest in the spiritual welfare of the simple folk listening to his words. We came away much benefited by the sermon our intellect could not comprehend, but which our hearts understood perfectly.

From Wales we went up to Scotland, where we visited the homes of Robert Burns and Sir Walter Scott. We were in Edinburgh one week enjoying its many historical associations with the past. I don't presume there is another such street in Britain as the one which leads from the Castle to Holyrood Palace in Edinburgh. It has changed very little in the last two hundred years, and one requires very little historical imagination in strolling down this mile of quaint houses to see on every hand signs and indications of the life as led here in the times of Mary Queen of Scots and John Knox.

After leaving Edinburgh, but not before visiting one of its famous golf links on the Braid Hills, we came down the Eastern side of England, visiting the English Cathedral towns on the way to London. We saw Durham in all its rocky solidity, York with its great Western facade and decorated style of architecture, Lincoln, considered the noblest of all the Cathedrals, and Ely, high up on its hill, forming a landmark for the farmers miles around. We stopped at Cambridge and enjoyed an afternoon punting on the Cam and visiting the various Colleges which make up the University. To my mind Cambridge is more picturesque in its natural situation than Oxford, although the latter has the finer buildings in its Colleges. I shall not attempt to describe our stay in London. Sufficient to say that with our time divided between the various picture galleries, Museums, Westminster Abbey, St. Paul's, the Tower, and seeing the King and Queen on their first official entry into London, we had very little leisure in which to smoke our pipe or stroll through Hyde Park.

After a few days visit in Oxford we shall go to Paris for two weeks and then on to Munich and the Passion Play, from where I shall drop you a few lines if I can find time and opportunity.

Hoping the summer heat in Maysville is not excessive, sincerely yours,

CLAYTON E. WHEAT.

BLOOD STANDS STILL

PILES CAN'T BE CURED UNTIL CIRCULATION IS RESTORED

It is useless to try to cure piles by operating or use of salves or suppositories—as long as the blood is stagnant in the lower bowel, new tumors will continue to form. Clear the blood—free the circulation. Then piles will leave for good. A successful, scientific, internal remedy is Dr. Leonard's Hem-Roid, sold under guarantee by J. James Wood & Son. Hem-Roid does its work thoroughly. \$1 for 24 days' treatment. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

Rheumatism!

James Wagner, Lock Haven, Pa.—I was attacked with rheumatism, became helpless and bedfast and was taken to a hospital, where I remained under treatment several weeks, when my case was given up as hopeless and I was sent home on a stretcher. I bought a box of NATURE'S CURE PILLS and they cured me in fifteen days. I have resumed work and not lost a day since.
